

5G vs extended HFC... the next fibre challenge?

IBC 2020 will be held from **11-15 September 2020** at the RAI in Amsterdam (The Netherlands). The SCTE Benelux Group will organise a lecture meeting during this important media, technology and entertainment event where industry-leading speakers will discuss and evaluate the challenges of 5G and/or extended HFC with DOCSIS 4.0 versus fibre.

Are you planning to visit IBC 2020? If so, please mark your calendars with **14 September 2020**, the next SCTE Benelux Lecture at IBC. Further announcements on speakers and session details will be confirmed shortly. See www.ibc.org
