Balkan Conference and Exhibition 2011

14 April 2011, Skopje, FR of Macedonia

The SCTE 2011 Balkan Broadband Conference and Exhibition is the opportunity for decision makers and technicians in the cable and ICT Broadband to connect and debate the latest developments and discussion points in the fields of strategy, investment, technology, marketing, content and regulation. Over 300 participants from over 26 countries attended in 2010.

The SCTE Broadband Conference and Exhibition will be held in Holiday Inn hotel, in the centre of Skopje, on Thursday 14 April 2011. SCTE will also hold its Challenge Awards during the event. Free floor presentations and a full conference programme complement the exhibition.

Conference Programme
