Equipment

The exact sizes and equipment of the standard stands are given in the drawings at www.ecebe.eu/standardstand.html. The equipment can be completed with the items of the "Additional services": e.g. stands having a "corner" or "head" shape, could need more than one fascia (see above), on demand of the exhibitor it can be completed with additional pieces. They have to be ordered by Form "Additional services".

Terms of payments

After receipt the applications for space we invoice the estimated costs of the empty stand area as an advanced payment and only after receipt of this remittance will the exhibitor be registered and the claimed exhibition area contractually booked.

All the other participation costs (costs of the standard stands and additional services) will be due after the deadline of the registration (1st September 2014) based on the invoice of the Organizer.

After first claim of missing payment the organiser has got the right to cancel the applicant from the list of exhibitors and to sell the applied space for other customers. Should anyone cancel his participation, the organisers will refuse any application for reimbursement of accomplished payments.

Others

With the advanced payment a contractual relationship will be established between the applicant and the organiser (Buda Expo Ltd.) Should a legal debate between the parties arise, it will be settled by negotiations. If no consent can be reached, the parties stipulate the authority and competency of the arbitrary court, organised in the frame of the competent Hungarian Court. In the not regulated questions of this agreement the dispositions of the Hungarian Civil Law are decisive.
