1st SCTE India Awards for Technical Excellence and Innovation in Digital Cable and Broadband

Wednesday, 10 February 2016 05:39

1st SCTE India Awards for Technical Excellence and Innovation in Digital Cable and Broadband

font size [-A](#) [+A](#) | [Print](#) | [Email](#)

Another important step to energize the system and the stakeholders of the digital cable and broadband industry was taken by SCTE India this year by conducting the 1st SCTE India Awards for Technical Excellence and Innovation in digital cable and broadband on 22nd January 2016. The event took place during the 24th Convergence India expo in Pragati Maidan, New Delhi.

This was India's first endeavour towards rewarding, adopting and fostering innovation and skills in South Asia in the digital cable and broadband domain. The awards are the first step towards this journey, which are ably supported by the political establishment, industry and the

Successful Completion of the 1st SCTE India Awards for Technical Excellence and Innovation in Digital Cable and Broadband

NewsVair If it's here... it's everywhere Wednesday, 10 February 2016 (1 day ago)

Another important step to energize the system and the stakeholders of the digital cable and broadband industry was taken by SCTE India this year by conducting the 1st SCTE India Awards for Technical Excellence and Innovation in digital cable and broadband on 22nd January 2016. The event took place during the 24th Convergence India expo in Pragati Maidan, New Delhi. This was India's first endeavour towards rewarding, adopting and fostering innovation and skills in South Asia in the digital cable and broadband domain. The awards are the first step towards this journey, which are ably supported by the political establishment, industry and the intelligentsia, who are the stakeholders of the Indian Digital story.

CRMNEXT 2016 Redefines Digital CRM in Asia with Machine Learning Capabilities

Designed to enable end-customers of Enterprises to seamlessly self-serve anywhere, anytime CRMNEXT, the world's no.1 commutable cloud CRM solution, launched the next gen cloud based digital CRM platform for the Asian Market. The new platform is designed for the Digital age following the rule of Zero – Zero human-touch, Zero waste and Zero rework. The agile and fully customisable solution offers full mobility access to users. It is especially beneficial to BFSI organisations, giving them a single view of all customer engagements at the click of a button. The technology further empowers end-customers to interact with companies with near-zero human intervention, hence offering a seamless experience.

India in touch with foreign governments on cyber security: Prasad

With India placing high priority to cyber security, the government is in talks with a number of countries, including the US, for co-operation to check cyber espionage and other attacks, Union Communications and IT Minister Ravi Shankar Prasad today said. "The Prime Minister himself has said, cyber security represents something like bloodless war. Therefore, cyber security is an agenda of great importance for our government," Prasad, who was here to attend the annual India Conference of the Harvard University, told PTI. Emphasising that India is very particular on the issue of cyber security, the minister said the government is in talks with a number of countries including the US in this regard.

Another important step to energize the system and the stakeholders of the digital cable and broadband industry was taken by SCTE India this year by conducting the 1st SCTE India Awards for Technical Excellence and Innovation in digital cable and broadband on 22nd January 2016. The event took place during the 24th Convergence India expo in Pragati Maidan, New Delhi. This was India's first endeavour towards rewarding, adopting and fostering innovation and skills in South Asia in the digital cable and broadband domain. The awards are the first step towards this journey, which are ably supported by the political establishment, industry and the intelligentsia, who are the stakeholders of the Indian Digital story.

The event exclusively covered by Bloomberg TV India and run by SCTE India's National Secretary **Mr. Rahul Nehra** was inaugurated by the SCTE India team in the presence of the Chief Guest **Shri Sambit Patra**, the young and dynamic BJP Spokesperson and **Mr. Sanjay Kaul**, Managing Director, Cisco Systems, the principal partner for the show.
